

OVFM TOP TEN 2019 - GUIDANCE FOR MARKING

Award about half the marks in each category for an average film. Fewer to an inferior film and higher marks for a better film.

VISUALS (10)	Everything seen on screen, including titles.
EDITING (10)	Does the film flow appropriately? Should some of the shots be removed, shortened, lengthened or rearranged? Should there be more cutaways? Are zooms and pans smooth and necessary? Are special effects appropriate?
SOUND (10)	Is the sound crisp and clear? Is the music appropriate? Is the narration well written and delivered? Is it mixed well with the music? Are the background sounds appropriate and is the whole well balanced?
CREATIVITY (10)	Intended to reflect the degree of technical difficulty and of imagination.
FILM APPRECIATION (10)	Do you feel that you'd like to watch it again? Did it make the most of the subject? Did it engage your emotions?
